Fiamma Privacy room

The Fiamma Privacy Room is the best on the market because it allows complete aeration on all windows. With the Privacy Room you can transform your Fiammastor into a comfortable living area. The side panels are quickly put together with the exclusive patented Clip System. The upper part is fastened together with the lower part, the fabric of the awning is then blocked between the lower and upper rail by screwing the knob. The front panel is inserted in the front rail of the awning and with the zip it is joined with the side panels. Standard delivered with: Front panel with window (that can be rolled up and with mosquito net) and independent door that can be moved onto the right-hand or left-hand side, 2 side panels, windows with mosquito net.
