

Ford Transit

LWB Hightop

Vehicle by

Rainbow Conversions Ltd

Rainbow Conversions Limited

A centrally positioned high level control unit is within easy reach for ease of operation

Plenty of daylight through the centrally fitted Heki roof light when needed but easily obscured by the integral blind at night

A functional and stylish interior layout built for comfort with the quality to match any other transit conversion

Builders of Luxury Bespoke Motor Caravan Conversions since 1991

Comfortable lounge area with passenger seat swiveled to face inward

Settee simply pulls out and transforms into a good size double bed.

Additional option to swivel the passenger seat, pull out the single forward facing seat to create a spacious king size bed.

We can be flexible on finishes with Upholstery fabrics available in your choice.

The furniture is hand-crafted from light-weight plywood with a choice of laminate colours to suit your taste.

The kitchen worktop and table top can be manufactured in a range of Formica laminate finishes.

A choice of wall and floor coverings can be chosen to complete the look that you want.

This 2 berth motorhome has all the essential amenities including toilet, shower, hot & cold water, blown air heating system, 240 volt mains electricity, 12 volt auxillary power and ample lighting.

Large over cab storage locker.
Additional storage capacity is in the high level lockers.

Double glazed windows complete with fly-screens and blinds.
